

ASPIRE

Aspire is brought to you by the Ohio Department of Higher Education in partnership with Knox Technical Center.

This program offers classes for adults who want to improve their math, reading, and writing skills in order to find a job, prepare for job training programs or college. ASPIRE classes are FREE to all eligible adults, including non-traditional students who left high school early, high school graduates who need additional skills before enrolling in college, and working adults who wish to pursue career program post-secondary credentials.

We offer FREE academic skills instruction, which can help you:

- Increase your employability skills (Reading, Writing, Math and Problem Solving)
- Increase your Career Skills through Digital Literacy (Basic Computer Skills)
- Earn a High School Equivalency (GED)
- Prepare for Pre-Adult Diploma Training (WorkKeys Practice)
