

Health Information Technician

Career Opportunities

- Health Information Specialist/Technician
- Medical Records Clerk/Analyst
- Inpatient/Outpatient Billing and Coding
- Medical Registrar
- Medical Receptionist
- Patient Financial Services

Employment Outlook

Employment of medical records and health information technicians is projected to grow 11 percent from 2018 to 2028. The demand for health services is expected to increase as the population ages (bls.gov).

Program Highlights

- A strong emphasis on medical billing procedures and ICD-10 and CPT medical coding
- Provide fundamental entry-level skills and knowledge in medical practice management
- Provide experience through hands-on skills labs and 140-hour non-paid practicum experience in a healthcare facility

Institutional Accreditation

Knox Technical Center is accredited by the Commission of the Council on Occupational Education, 7840 Roswell Road, Building 300, Suite 325, Atlanta, GA 30350. Telephone: 770-396-3898, Fax: 770-396-3790, www.council.org.

Program Approval

The KTC Health Information Technician program is approved by the Ohio Department of Higher Education, and by the Commission of the Council on Occupational Education.

Credentialing

Insurance and Coding Specialists (NCICS) Certification is available through the National Center for Competency Testing (NCCT).

Articulated College Credit

When enrolling in an institution of higher education, be sure to request a review for articulated college credit with your training from KTC.
