

HVACR

Career Opportunities

- Heating, Ventilation, Air-Conditioning, and Refrigeration (HVACR) Installer
- HVACR Mechanic
- HVACR Business Owner
- HVACR Repair

Employment Outlook

Employment of heating, air conditioning, and refrigeration mechanics and installers is projected to grow 13 percent from 2018 to 2028. Commercial and residential building construction is expected to drive employment growth, and job opportunities for HVACR technicians are expected to be good (bls.gov).

Program Highlights

- Skills to work in residential, commercial or industrial fields
- Basics of thermodynamics, fluid mechanics, heat transfer
- Work-based activities afford students the opportunity for real-world experiences
- New state-of-the-art skills lab

Institutional Accreditation

Knox Technical Center is accredited by the Commission of the Council on Occupational Education, 7840 Roswell Road, Building 300, Suite 325, Atlanta, GA 30350. Telephone: 770-396-3898, Fax: 770-396-3790, www.council.org.

Program Approval

The KTC HVACR program is approved by the Ohio Department of Higher Education, and by the Commission of the Council on Occupational Education.

Credentialing

- EPA Section 608 Universal Certification (to be certified as universal, a technician must pass all four sections; Core, Type I, Type II, and Type III).
- EPA Section 608 Certification Exam.

Articulated College Credit

When enrolling in an institution of higher education, be sure to request a review for articulated college credit with your training from KTC.
