

Phlebotomy

Career Opportunities

- Hospitals
- Urgent Care Facilities
- Physician's Office
- Independent Clinical Laboratories
- American Red Cross

Employment Outlook

Employment of phlebotomists is projected to grow 23 percent from 2018 to 2028. Hospitals, diagnostic laboratories, blood donor centers, and other locations will need phlebotomists to perform bloodwork (bls.gov).

Program Highlights

- Prepare for certification in 174 hours
- Designed to be an affordable, short-term education option, and to accommodate the working adult student
- An excellent pathway to enter the medical field
- 40-hour non-paid clinical externship in a hospital setting

Institutional Accreditation

Knox Technical Center is accredited by the Commission of the Council on Occupational Education, 7840 Roswell Road, Building 300, Suite 325, Atlanta, GA 30350. Telephone: 770-396-3898, Fax: 770-396-3790, www.council.org.

Program Approval

- The KTC Phlebotomy program is approved by the Ohio Department of Higher Education, and by the Commission of the Council on Occupational Education.
- The KTC Phlebotomy program matches requirements as established by the National Center for Competency Testing (NCCT), and complies with competencies/essentials published by Clinical & Laboratory Standards Institute (CLSI).

Credentialing

NCCT Phlebotomy Technician (NCPT) certification.

Articulated College Credit

When enrolling in an institution of higher education, be sure to request a review for articulated college credit with your training from KTC.
