

COSMETOLOGY & NAIL TECHNICIAN INSTRUCTIONAL STAFF

Mrs. Sherry Curry:

I received my 1500-hour cosmetology licensure through the Knox County Career Center in 1973, later obtaining my manager's and instructor's license. I worked in a salon as a stylist/owner from 1973 to 1997. I began my teaching career in 1997, serving as the senior cosmetology instructor for the Knox County Career Center through 2017. I currently hold an instructor's and an advanced license through the Ohio State Cosmetology and Barber Board.

My passion is working in the field of education. I particularly enjoy creating unique, non-traditional lesson plans and activities to provide essential learning for all types of learners. I am a life-long learner at heart. Hobbies include hiking, walking, outdoor adventures of all types, and painting. I enjoy spending time with my grandchildren Max and Adelle.

Mrs. Sarah Johnson:

I received my 1800-hour cosmetology and manager's license through the Ohio State School of Cosmetology. Upon graduation, I attended an additional accelerated program for one year. Following graduation from both programs, I obtained a career as a stylist and esthetician at a local salon. My experience includes teaching at a career center for roughly five years and acting as a substitute cosmetology instructor at the Knox County Career Center. I obtained an Associate Degree through COTC and am working on my Bachelor's Degree through Franklin University.

My passion is teaching as well as all aspects of cosmetology. I specialize in hair color techniques including highlights, balayage, oil slick, and babylights. Other specialties include haircutting, facial waxing, dermaplaning, microdermabrasion, and high-frequency facials. I enjoy spending time with my children and husband. Hobbies include running, reading, DIY projects, as well as taking classes to add to my cosmetology licenses.
